CBM Paul Williams reported back on items previously discussed at the 3 February 2010 meeting:-

- (a) Prince's Street - Councillor J. B. Attridge had concerns over the anti social behaviour by two residents in Prince's Street. The Housing Officer for Flintshire County Council, Julie Gorman is at the moment looking into complaints by residents and the County Council are progressing the complaints but ensuring that everything is done correctly.

A key to the gardens will shortly be issued to them. Councillor Dunbar thanked CBM Williams and stated that water barrels have been provided and guttering has been put back up – the last time new ones were put up they were damaged, so could the police please continue to monitor.
- (c) Connah's Quay High School – following Councillor D. M. Birch's concerns over youths drinking in the lane and alleyways around Connah's Quay High School, the Police have informed Mr. G. - (d) Damage to motor vehicles within the Bryn Road area – Councillor R. P. MacFarlane brought up this problem and CBM Williams informed Councillors that both CCTV cameras have been requested, for the foreseeable future, to point both up and down Bryn Road. Confirmation of this has been received from Flintshire County Council. The Police have visited certain addresses and this will continue on a monthly basis. Driveway alarms, which normally have to be paid for by the public, have been ordered and are being provided free of charge due to the amount of damage that has been inflicted.
- (e) Cold Callers – Councillor Mrs. E. M. Barratt referred Councillors to this problem of cold callers from the Mold Emergency Centre – a business that did not exist and was not linked to Flintshire County Council. CBM Williams informed Councillors that a questionnaire has been sent out and will be anonymous – once the replies have been received they will write to the organisations concerned. A letter has already gone to Scottish Power and N-Power and they have stated that the best time to get people in is between 7.00p.m. and 9.00p.m. The Police have been informed that people are being approached after 9.30p.m. and this is not acceptable. CBM Williams informed Councillors that he had ordered 50 packs of no cold callers, telephone numbers of crimestoppers etc. and a leaflet with all the main gas/water company telephone numbers on, in order to set up a password scheme with them, together with panic alarms. People who are most vulnerable in the area will get these packs straight away. He also requested that stickers be available at the Town Council Offices and the Old Age Pensioners Club, they will also be available at the Police Station. Anyone who is not happy having a chain fitted (double glazed doors) can have a door wedge, which will only allow, if necessary, the door to be opened a small amount.
- (f) Richmond Road/Thornfield Avenue – Councillor W. Hastings had concerns regarding youths running into gardens. CBM Williams informed the Councillors that the Police have spoken to youths in the area and they have received no further reports. Councillor Hastings replied that ‘For Sale’ signs have been torn down and CBM Williams assured him that the area would still be patrolled.
- (g) Youths congregating/ drug use in Mold Road – After Councillor D. Barratt’s concern over this matter, CBM Williams has monitored and moved youths on. The Clean Up Team has attended and needles etc. have been cleared away.
- (h) Lidl Supermarket – Following concerns from Councillor R. V. Hill that youths have been assisting shoppers at Lidl with their shopping and then retaining the trolleys for the £1 deposit, CBM Williams reported that he had spoken to the Head Office of Lidl, the Manager is aware of the situation and is monitoring and the Shotton CBM informed to ensure that this problem is stopped.
- (i) Bicycle Riding – Councillor Hill is concerned that people are riding on the paths especially in the dark. CBM Williams informed Councillors that they have monitored and tickets have been issued. The Clerk stated that the County Council have asked a Company to review the situation and they are looking into the traffic on the road and on the pavement.

CBM Williams informed Councillors that there was to be a Press Release in the Chronicle.

The following matters were raised by Councillors and discussed:-

- (i) Councillor Mrs. P. M. Attridge reported concern regarding an elderly lady in Connah's Quay who leaves her burglar alarm off and allows a druggie and a homeless person to enter her property at will, particularly on pension day. Councillor Attridge has phoned Housing at Flintshire County Council and left a message. She requested CBM Williams to look into the matter. She also informed him that a house in Howard Street that is empty has had the lock to the gates broken and the gates are now open. CBM Williams will look into both matters.
- (ii) Councillor Mrs. Y. R. Birch reported dog fouling on the field of Connah's Quay High School. It is council property and walking dogs on the field is prohibited. CBM Williams will look into the matter.
- (iii) Councillor D M Birch thanked the Police for the information they have supplied.
- (iv) Councillor A. J. Roberts queried the use of yellow cards, whilst they are a good thing, it has come to his attention that one youth with a yellow card was frightened to apply for a job until the card expired and another youth felt it would stop him from joining the forces. CBM Williams informed Councillors that the yellow card was intended as a deterrent for anti social behaviour and if 2 yellow cards are received within six months the youths may be referred to a team to help stop this behaviour. He stated that it is not a criminal record and parents are informed of this when a yellow card is issued, it would therefore not have an effect on a job application or application to join the forces.
- (v) Councillor A. J. Roberts reported people on the swings between Fron Road and Richmond Road, usually on a Friday night drinking etc. and is concerned that they are using equipment not meant for their age group and also what could be left behind. CBM Williams enquired if the gates were locked, if they are, the Police may be able to do something.
- (vi) Councillor R. V. Hill thanked the Police for all their help and enquired after an incident last Thursday evening when there was a fire. He stated that pensioners are frightened about what is going on in the area with the drug situation and enquired if the Police could do anything to help. CBM Williams replied that they are monitoring the Chapel Street area.
- (vii) Councillor W. Hastings reported that last week there was an accident by Fred's Shop in Mold Road and is concerned people park outside the shop when across the road there is a bus stop. He wondered whether barriers outside the school would be helpful. CBM Williams, although not on duty, had read the report in the newspaper, it was an accident and the little girl suffered only minor injuries. He reported that Dee Road School was also having problems with regard to parking and the Police would

be advising drivers parking at Dee Road School and Custom House Lane School where to park.
